

Roll up banner stand

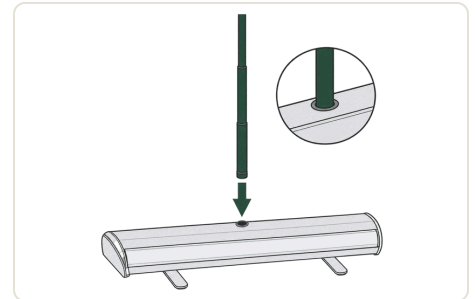

The banner comes rolled into the base, so one person can set it up.

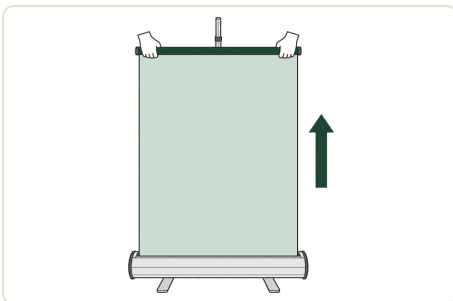

- 1 Place the base.** Lay it on the floor with the front facing you and turn out the two feet.

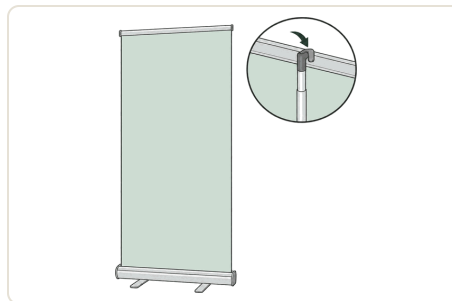

- 2 Build the pole.** Click the support pole sections together into one straight pole.

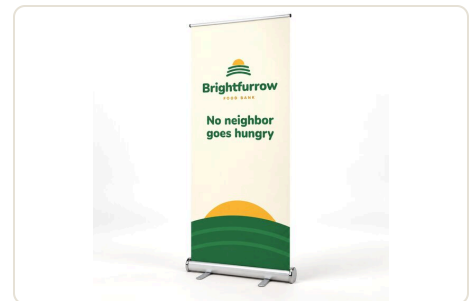

- 3 Seat the pole.** Push the bottom of the pole into its socket on the base.

- 4 Raise the banner.** Hold the top rail and pull the banner slowly straight up.

- 5 Hook it.** Hook the top of the pole into the groove at the back of the top rail.

- 6 Done.** To pack up, unhook the rail and guide the banner back down into the base by hand.

GOOD TO KNOW

- Never let go of the banner on the way down. Guide it into the base so it rolls back evenly.
- Keep text and logos 1 in from the top and 3 in from the bottom of your artwork.
- The stand, printed banner and travel bag come together.

IN THE BOX

- The stand with your printed banner rolled inside.
- The support pole and a travel bag.
