Stretch Table Covers, 4 Ft x 2.5 Ft

4 sided, closed back

One file.

Final size: 109.45 x 85.8 in (9.12 x 7.15 ft). Scale 1:1, this page is full size.

- Design at this exact size, no bleed needed.
- CMYK, at least 150 dpi at full size.
- Keep text and logos inside the safe zone (green dashed line).
- The cover is sewn from these 5 pieces: the table top in the middle, the front drop below it, the back drop above it and one drop for each end.
- This is the cover laid flat, seen from above, with the front at the bottom of the page. Each drop hangs from its table edge, so set your art the same way up as that panel's gray label: the back is upside down and the ends are turned on their side.
- Hide or delete this guide layer (this box and every line) before you export.
- Send a flattened single page PDF or JPG to info@promomogul.com, or reply to your order receipt.
